

University of Washington 과목 설명

Courses

Online Language & Culture STEP

Practice your English and learn about American culture! You'll learn English from an experienced instructor and experience a range of activities, including conversation practice with American college students, online presentations, virtual tours of Seattle landmarks, and guest speakers.

Online Academic Skills STEP

This course helps you build university-level study skills. Practice your English and learn about American academic expectations as you prepare for the challenges of university studies. Activities include writing, lecture listening and note-taking, vocabulary building focused on the Academic Word List, critical reading of articles, class discussions and presentations.

Online Business STEP

Practice your English while learning about American business. You'll focus on speaking and writing English in business settings while learning about prominent businesses in the Seattle area. These business communication skills will give you a strong foundation for working internationally with other business professionals. This course includes guest lectures.
